Alpha House Ltd and Monbat Group Announce Strategic Majority Acquisition

Alpha House Ltd and Monbat Group are pleased to announce a significant milestone in their long-standing relationship. Following five years of a successful and exclusive supply partnership, Monbat Group has acquired a majority shareholding in Alpha House Ltd.

This transaction reflects Monbat Group's long-term commitment to the UK market and provides a strong platform for future growth. The acquisition is a direct result of the exceptional growth and operational excellence Alpha House Ltd has demonstrated - most recently underlined by the award of a major telecommunications contract - and stands as a testament to the strength of its leadership and its unwavering commitment to quality.

A Strategic Step for Monbat Group

For Monbat Group, this acquisition represents a deliberate step towards strengthening the alignment between manufacturing and distribution. By bringing our teams together, we aim to get closer to our customers - with greater control over supply chain resilience, improved coordination in an uncertain global business environment, and a platform to enhance service levels, improve responsiveness and enable greater delivery flexibility.

Continuity for Customers

Importantly, this development strengthens - rather than changes - what customers value most. Alpha House Ltd remains fully committed to the high standards of service, reliability and expertise that its clients have come to expect. The existing team, relationships and operational focus remain firmly in place.

Looking Ahead

This marks an exciting new chapter for both organisations, positioning Alpha House Ltd for accelerated growth and expanded capability within an increasingly competitive market. Together, Alpha House Ltd and Monbat Group look forward to building on this momentum and unlocking new opportunities for customers and partners alike.
